My Care Questions

Your clinician expects you to bring questions.

Appointments move quickly — this helps you remember what to ask.

You can read from this or hand it to your clinician.

YOUR QUESTIONS

- [ ] **What side effects should I expect — and which ones mean I should call?**
- [ ] **Does anything I currently take interact with this treatment?**
- [ ] **Do my test results affect which treatment is best for me?**
- [ ] **Do I need any tests before starting or changing treatment?**
- [ ] **How will we know the treatment is working — and when will we check?**
- [ ] **What programs can help with the cost of my medication?**

QUESTIONS YOU MIGHT NOT SAY OUT LOUD

- [ ] **What does “undetectable” mean for my daily life and relationships?**
- [ ] **Are there alternatives to daily medication I should know about?**
- [ ] **What is the plan if I lose coverage or can’t afford treatment?**
- [ ] **What should I do if I miss doses or can’t follow the plan perfectly?**

KEY ANSWERS / NEXT STEPS

You came prepared — that makes this appointment more useful.
